Subject: Bull, Dantzler Connection

Dear Friends,

There comes a time when most of us get our names and dates mixed up. I seem to need some clarification on my line. This is what I have (briefly):

1. John Bull of Old Radnor
2. John Bull
3. William Bull
4. William Bull (1564-1635) married Sarah NOWELL (1569-1643)
5. Josias Bull (1592-1671) married Catharine AGARD (d. 1681)
6. Stephen Bull (1635-1706) married ?
7. Burnaby Bull (1689-1754) married Lucia BELLINGER
8. Stephen Bull (1716-1770) married Elizabeth BRYAN
9. Burnaby Bull (b. 1754) married ?
10. John Bull (1776-1848) married Margaret DANTZLER
(1782-1850)
11. Margaret Elizabeth Bull (1830-1894) married
Lehre
A. Snider (1828-1865)

Do I have the lineage correct? Is this John Bull who married Margaret Dantzler the son of the correct Burnaby Bull? This is the point where I get confused. For some reason, either by entering the wrong information into my program or having conflicting reports in my papers, they were not lined up correctly.
I hope someone can help set me straight because I am Lehre A. Snider's gggreatgranddaughter and I don't want to pass on the wrong information.

Thank you,
Sylvia McAllister

Beverly,

I received copies of most of the Hutto records and research work done by A.

Dickson Hutto (deceased). Among the papers is a folder "Hutto - McDonald

correspondence. It contains information on the families of Bull, Hutto and

Clinkscapes. I know that it was A. Dickson Hutto's desire that upon his

death that all his papers be microfilmed and the microfilm be made available at the Caroliniana library, but I am not sure whether that happened or not. At any rate, if you think that there may be anything of interest for you here, let me know.

Thought I had more complete information in my computer. Even earlier information is in the Bull book but I don't believe it covered the line in Orangeburgh. I have some loose paper in my file but this give you something to compair notes. Other researchers on The List have connections to the Bull Family. Any comments?

Dear Gene,

I have very little information about the Bull family. As a matter of fact all

I had was that Margaret Dantzler married John Bull but no dates.

Their

daughter Margaret Elizabeth Bull married Lehre A. Snider whose son Jacob W.

Snider is my ggreatgrandfather. He married Sallie E. Snelson. They are both

buried in Buckner AR. Their son Lawrence Arthur Snider married Effie Williams

of Haughton LA.

Effie Williams is the daughter of John Summers Williams (maybe of Bollivar

TN>Malvern AR or born in Malvern) and Martha Vilona Berry of Randolph Co. GA.

I have John Williams and Martha Berry's courtship letters that I mentioned

before. By the way I finished having them printed and bound and am sending

them to the relatives I know are still alive. That is why I got caught up in

the genealogy.

Your message today about the Bull family gave me some valuable information

and I am so grateful. I knew good people were out there somewhere.

If I can

help with phone lookup's or anything else please let me know.

A number of researchers have expressed an interest in Bill Linder
joining our group. Nothing would please me more as he is really an
expert
on the early Orangeburgh families. However, he permitted me to copy
some
of his Bull family group sheets a few years ago. I will post some of
the
information so that you can comment to The List. Others have an
interest
also. Your descendancy chart on Snider family was interesting.
Would
also be interested in any notes on the early generations.

Parish
[Beaufort area.BSS], bounding NW on Stephen BULL, Jr., of Sheldon...

This is the Orangeburg family which descends from Stephen, Jr., but
NOT the
Providence family!

Barnaby BULL's will d.1 Jan 1746/7 mentions sons Stephen, and
William. Daus.
Mary Lucia m. BELLINGER and Elizabeth. Lived Pr. Wm's Parish. His
grandsons
were sons of Stephen: John, Stephen, Josiah and Barnaby. Land near
Port
Royal left to them. Barnaby (the grandson) was probably the "Burnaby"
claimed
as father of John BULL of Providence. Elias BULL thought he had never
married.

His son, William's will d. April 1750: Will is almost a page long.

John,
Stephen and William, Jr. John lived Beaufort Dist., Stephen- Beaufort

My husband's family is descended from two BULL lines, both from John

Margaret. His half brothers are children of Jacob SHULER and Bessie
BULL,
daughter of Emanuel BULL, son of Frederick, if my memory is correct
off the
cuff and the unknown wife. Maybe the SNIDER family will have this
info. Are
yall in touch with member Dorothy HEANOR?

The other line is that Samuel SHULER married Irene MOORER who was the

Irene BULL and William HART.

Dear Sylvia McAllister,

Re: the Bull information that I told Beverly Shuler about-

On friday I intrusted the majority of my BULL file, addressed to you, with the U.S. Postal service. As I have mentioned, my interests only involve the Hutto lines at this time, so am not very familiar with the information that I sent to you. I did, however, find Beverly's recent post interesting.

Going strictly from memory, (my records are in the mail to you) I thought that was the major line that Mr. McDonald got his First Families of S.C. certificate based upon.

At any rate, PLEASE return the materials to me when you have finished with them. (They are my only copies!)

Thank you, Fred Hutto.

Hi Everyone. This is a very important CORRECTION!

The 3 BULL families of Orangeburgh are not descended from BURNABY or BARNABY BULL! This is an error which somehow got told to Chris Shuler and appears in her work, but has been soundly and roundly denied by the present day BULL family of Charleston, including the genealogist and historian, Elias BULL, deceased, and the First Families of S.C. (turned them down flat).

John BULL b. 1776 who married Margaret DANTZLER and lived at Providence Community, O'bg., had a predecessor LIVING ON THE SAME PROPERTY whose name was Henry BULL and to whom the original grant was given. I believe it was 1768, but don't have time right now to dig it out and post it. The grant was next to Thomas CURTIS and Gideon BUNCH on Providence Swamp. There is also a Deed from William BULL to John BULL which may or may not be ours, indicating that he may have had a brother. Early on, in Georgia, there was a Jacob BULL whose family lived neear Twiggs Co. and Houston.

Henry was living during the Rev. War and is in the Stub Indents; so my original theory that he was "disremembered" because he was a Tory was incorrect.

The Henry BULL family in the town of Orangeburg came from New England

and
may or may not be kin to our John. Not the same Henry, though.

Adrianna, William, etc., of Orangeburg, are from William BULL of
Sheldon
down near Garden's Corner, I guess. Although they may be kin to the
Providence BULL family, I can't see any connection yet.

It seems likely to me that Henry BULL of Providence Swamp came down
from NC
and points North and was possibly a Quaker or married one. Check
out, in
this connection, the families of HART and COLLIER.

Cheers!
